SEED STITCH SQUARE

a b o u t

The seed stitch is a series of alternating double crochet (dc) and single crochet (sc) stitches. It is a simple stitch that is easy to learn so it's great for beginners. When you alternate the two stitches across each row, a lovely tight and strong weaved fabric that resembles the knitted seed stitch is created.

Additional Notes

Read all pattern notes, instructions, and other provided details carefully before starting the project to make sure you understand everything. It could save you hours & a lot of headaches!

- Make a swatch that measures at least 10 x 10 cm / 4 x 4 inches using the stitch provided under the Gauge Section. If your swatch matches the gauge, then you are all set to start the project. If the gauge is wrong, you might need to change your crochet hook - increase your hook size if your stitches are smaller & decrease your hook size if your stitches are larger.
- All measurements given are unblocked and measured flat pre-wear and pre-seaming as fabric pieces may stretch during/after blocking, wearing, and seaming.
- Provided measurements are as exact as possible, but are given as approximates. This is because yarn variances, crochet tension & individual technique might give variations in the result, which changes from person to person.
- Stitch counts are provided for each size in the following format: 7" x 7", (8" x 8").
- Final stitch counts are given in [] at the end of each row. If no stitch count is given, then the count is the same as the previous row.
- Turning chains do NOT count as stitches.
- Care Instructions: Hand wash & lay flat to dry or follow instructions on the yarn label.
