Additional Notes

Read all pattern notes, instructions, and other provided details carefully before starting the project to make sure you understand everything. It could save you hours & a lot of headaches!

- The gauge/tension is not critical for this pattern, however, if you want to be sure you meet the gauge for this pattern then make a swatch of each square that measures at least 10 x 10 cm / 4 x 4 inches using the stitch provided under the Gauge Section. If your swatch matches the gauge, then you are all set to start the project. If the gauge is wrong, you might need to change your crochet hook - increase your hook size if your stitches are smaller & decrease your hook size if your stitches are larger.
- All measurements given are unblocked and measured pre-wear and as fabric pieces may stretch during/after blocking, and wearing.
- Provided measurements are as exact as possible, but are given as approximates. This is because yarn variances, crochet tension & individual technique might give variations in the result, which changes from person to person.
- The pattern is worked flat in rows.
- Head warmer for age group 1-3 years may need to be 2-inches or 4-inches depending on the child's head size. There is a large fluctuation for this age group. If your child needs 2-inches, please use instructions for Newborn to 6-12 months.
- Because all people are different & all children grow at different rates, you could also make the 2-inch width or 4-inch width head warmer depending on your personal preference.
- Care Instructions: Hand wash & lay flat to dry or follow instructions on the yarn label.

Construction & Schematics

- This pattern is constructed as one piece flat in rows. **See Image 1.**
- The short edges are then seamed together to form a ring. **See Images 2 - 3.**
- Scrunch the center together at the seam. **See Image 4.**
- A string of yarn is then tied around the center. **See Image 5.**

BOWTIE HEAD WARMER INSTRUCTIONS

For Newborn to 6-12 months

See Image 1.

Ch 5

Row 1: Sc in the 2nd ch from the hook and in each ch to the end. (4 sts)

Row 2: Ch 1, turn work, sc in each sc across to end. (4 sts)

**Repeat row 2 until your head warmer reaches your desired length per the chart provided.

Head band should be 2 - inches in width.

For 1-3 years to adult

See Image 1.

Ch 10

Row 1: Sc in the 2nd ch from the hook and in each ch to the end. (9 sts)

Row 2: Ch 1, turn work, sc in each sc across to end. (9 sts)

**Repeat row 2 until your head warmer reaches your desired length per the chart provided.

Head band should be 4 - inches in width.

Finishing

- Fold head warmer in half and seam the two edges together. Leaving long tails of yarn on each end.

See Images 2 - 3.

NOTES:

- When seaming the two edges together you can either leave the yarn attached to the project and use it to seam across -or- cut the yarn, weave it in, and then use a new piece of yarn to seam the two edges together

BOWTIE HEAD WARMER INSTRUCTIONS

NOTES continued

- The length of the tails is up to you. On one end I used the excess from seaming and on the other I used at least 24-inches.
- I prefer seaming the edges together with a tapestry needle to reduce bulk at the seam, but you can also sc or slp-st them together using a crochet hook.

- Fold or scrunch the head warmer along the seam line.

See Image 4.

NOTES

- I try to fold or scrunch mine like an accordion.

- Wrap the long tails of yarn around the scrunched together middle until the middle section is to your liking.

See Image 5.

NOTES

- I wrap the shortest tail first and then the 24-inch tail and then tie the two ends together on the underside of the head warmer once I am done wrapping.

- Weave in the remaining ends.
