Additional Notes:

Read all pattern notes, instructions, and other provided details carefully before starting the project to make sure you understand everything. It could save you hours & a lot of headaches!

- 
- Make a swatch that measures at least 10 x 10 cm / 4 x 4 inches using the stitch provided under the Gauge Section. If your swatch matches the gauge, then you are all set to start the project. If the gauge is wrong, you might need to change your crochet hook - increase your hook size if your stitches are smaller & decrease your hook size if your stitches are larger.
 - All measurements given are unblocked.
 - Provided measurements are as exact as possible, but are given as approximates. This is because yarn variances, crochet tension, & individual technique might give variations in the result, which changes from person to person.
 - If you are left-handed, switch rows 2 & 3 when working this pattern.
 - **The trim is worked in continuous rounds. There will be NO joining at the end of each round, or turning and chaining.**
 - Per your preference, at the end of each row, you may carry or cut your yarn.
 - If you want your gloves to be mirrored, start one glove with color A and the second glove with color B before seaming.
 - Care Instructions: hand wash, lay flat to dry or follow the care instructions on the yarn packaging.
